- [Cigna](#)
- [Medica](#)
- [Medicare](#)
- [Minnesota Medicaid](#)
- [United Healthcare](#)

## Rural Health Clinic/Federally Qualified Health Center

- [Medicare](#)
- [Medicaid](#)

### Definition:

There are two types of telehealth services:

- **Asynchronous Telehealth (Store & Forward)** is the transfer of digital images, sounds, or previously recorded video from one location to another to allow a consulting practitioner (usually a specialist) to obtain information, analyze it, and report back to the referring practitioner. This is a non-interactive telecommunication because the physician or health care practitioner views the medical information without the patient being present.
- **Synchronous Telehealth** is real-time interactive video teleconferencing that involves communication between the patient and a distant practitioner who is performing the medical service. The practitioner sees the patient throughout the communication, so that two-way communication (sight and sound) can take place.

### CPT/HCPCS Codes:

#### **Synchronous Audio/Video CPT Codes:**

- **98000:** Synchronous audio-video visit for the evaluation and management of a new patient, which requires a medically appropriate history and/or examination and straightforward medical decision making. When using total time on the date of the encounter for code selection, 15 minutes must be met or exceeded
- **98001:** Synchronous audio-video visit for the evaluation and management of a new patient, which requires a medically appropriate history and/or examination and low medical decision making. When using total time on the date of the encounter for code selection, 30 minutes must be met or exceeded
- **98002:** Synchronous audio-video visit for the evaluation and management of a new patient, which requires a medically appropriate history and/or examination and moderate medical decision making. When using total time on the date of the encounter for code selection, 45 minutes must be met or exceeded
- **98003:** Synchronous audio-video visit for the evaluation and management of a new patient, which requires a medically appropriate history and/or examination and high medical decision making. When using total time on the date of the encounter for code selection, 60 minutes must be met or exceeded
- **98004:** Synchronous audio-video visit for the evaluation and management of an established patient, which requires a medically appropriate history and/or examination and straightforward medical decision making. When using total time on the date of the encounter for code selection, 10 minutes must be met or exceeded
- **98005:** Synchronous audio-video visit for the evaluation and management of an established patient, which requires a medically appropriate history and/or examination and low medical decision making. When using total time on the date of the encounter for code selection, 20 minutes must be met or exceeded
- **98006:** Synchronous audio-video visit for the evaluation and management of an established patient, which requires a medically appropriate history and/or examination and moderate medical decision making. When using total time on the date of the encounter for code selection, 30 minutes must be met or exceeded
- **98007:** Synchronous audio-video visit for the evaluation and management of an established patient, which requires a medically appropriate history and/or examination and high medical decision making. When using total time on the date of the encounter for code selection, 40 minutes must be met or exceeded

Other CPT/HCPCS are often eligible to be reported via synchronous audio/video telehealth (refer to payor guidelines section for specific code sets)

#### **Synchronous Audio-Only CPT Codes:**

- **98008:** Synchronous audio-only visit for the evaluation and management of a new patient, which requires a medically appropriate history and/or examination, straightforward medical decision making, and more than 10 minutes of medical discussion. When using total time on the date of the encounter for code selection, 15 minutes must be met or exceeded
- **98009:** Synchronous audio-only visit for the evaluation and management of a new patient, which requires a medically appropriate history and/or examination, low medical decision making, and more than 10 minutes of medical discussion. When using total time on the date of the encounter for code selection, 30 minutes must be met or exceeded
- **98010:** Synchronous audio-only visit for the evaluation and management of a new patient, which requires a medically appropriate history and/or examination, moderate medical decision making, and more than 10 minutes of medical discussion. When using total time on the date of the encounter for code selection, 45 minutes must be met or exceeded
- **98011:** Synchronous audio-only visit for the evaluation and management of a new patient, which requires a medically appropriate history and/or examination, high medical decision making, and more than 10 minutes of

medical discussion. When using total time on the date of the encounter for code selection, 60 minutes must be met or exceeded

- **98012:** Synchronous audio-only visit for the evaluation and management of an established patient, which requires a medically appropriate history and/or examination, straightforward medical decision making, and more than 10 minutes of medical discussion. When using total time on the date of the encounter for code selection, 10 minutes must be exceeded
- **98013:** Synchronous audio-only visit for the evaluation and management of an established patient, which requires a medically appropriate history and/or examination, low medical decision making, and more than 10 minutes of medical discussion. When using total time on the date of the encounter for code selection, 20 minutes must be met or exceeded
- **98014:** Synchronous audio-only visit for the evaluation and management of an established patient, which requires a medically appropriate history and/or examination, moderate medical decision making, and more than 10 minutes of medical discussion. When using total time on the date of the encounter for code selection, 30 minutes must be met or exceeded
- **98015:** Synchronous audio-only visit for the evaluation and management of an established patient, which requires a medically appropriate history and/or examination, high medical decision making, and more than 10 minutes of medical discussion. When using total time on the date of the encounter for code selection, 40 minutes must be met or exceeded

### Place of Service Codes

#### **POS 02:** Telehealth Provided Other than in Patient's Home

- The location where health services and health related services are provided or received, through telecommunication technology. Patient is not located in their home when receiving health services or health related services through telecommunication technology.

#### **POS 10:** Telehealth Provider in Patient's Home

- The location where health services and health related services are provided or received through telecommunication technology. Patient is located in their home (which is a location other than a hospital or other facility where the patient receives care)

### Modifiers

#### **Synchronous Telehealth Modifiers:**

- **95:** synchronous telemedicine service rendered via real-time Interactive audio and video telecommunications system
- **GT:** Via interactive audio and video telecommunication systems
- **G0:** Telehealth services furnished for purposes of diagnosis, evaluation, or treatment of symptoms of an acute stroke
- **FQ:** The service was furnished using audio-only communication technology.
- **93:** Synchronous telemedicine service rendered via telephone or other real-time interactive audio-only telecommunications system
- **FR:** The supervising practitioner was present through two-way, audio and video communication technology

#### **Asynchronous Telehealth Modifier:**

- **GQ:** Via an asynchronous telecommunications system

### Reporting Criteria:

- Must be initiated by the patient
- Communication must be a direct interaction between the patient and the healthcare professional
- HIPAA compliant platform must be utilized

### Documentation Requirements:

Telehealth services have the same documentation requirements as a face-to-face encounter. The information of the visit, history, review of systems, consultative notes, or any information used to make a medical decision about the patient should be documented. In addition, the documentation should note that the service was provided through telehealth, both the location of the patient and the provider, and the names and roles of any other persons participating in the telehealth visit, and the length of the call. Obtain consent at the start of the visit and ensure consent is documented. Maintain a permanent record of the telehealth visit in the patient's medical record.

## Definition:

Online Digital Evaluation and Management Services (E-Visits) are an E/M service provided by a Qualified Healthcare Professional or an assessment provided by a Qualified Nonphysician Healthcare Professional to a patient using an audio and visual software-based communication, such as a patient portal.

## CPT/HCPCS Codes:

Reportable by a Qualified Healthcare Professionals:

- **99421:** Online digital evaluation and management service, for an established patient, for up to 7 days, cumulative time during the 7 days; 5-10 minutes.
- **99422:** Online digital evaluation and management service, for an established patient, for up to 7 days, cumulative time during the 7 days; 11-20 minutes.
- **99423:** Online digital evaluation and management service, for an established patient, for up to 7 days, cumulative time during the 7 days; 21 or more minutes.

Reportable by Qualified Nonphysician Healthcare Professionals (Physical Therapists, Occupational Therapists, Speech Language Pathologists, Clinical Psychologists Registered Dietitian, etc.):

- **G2061/98970:** Nonphysician qualified healthcare professional online digital assessment and management, for an established patient, for up to 7 days, cumulative time during the 7 days; 5-10 minutes
- **G2062/98971:** Nonphysician qualified healthcare professional online digital assessment and management, for an established patient, for up to 7 days, cumulative time during the 7 days; 11-20 minutes
- **G2063/98972:** Nonphysician qualified healthcare professional online digital assessment and management, for an established patient, for up to 7 days, cumulative time during the 7 days; 21 or more minutes

## Reporting Criteria:

- Online visits must be initiated by the patient. However, practitioners can educate beneficiaries on the availability of e-visits prior to patient initiation.
- The patient must be established
- E-Visit codes can only be reported once in a 7-day period.
- Cannot report when service originates from a related E/M service performed/reported within the previous 7 days, or for a related problem within a postoperative period.
- E-Visits are reimbursed based on time.
  - The 7-day period begins when the physician personally reviews the patient's inquiry.
  - Time counted is spent in evaluation, professional decision making, assessment and subsequent management.
  - Time is accumulated over the 7 days and includes time spent by the original physician and any other physicians or other qualified health professionals in the same group practice who may contribute to the cumulative service time.
  - Does not include time spent on non-evaluative electronic communications (scheduling, referral notifications, test result notifications, etc.). Clinical staff time is also not included.

## Documentation Requirements:

These are time-based codes, and documentation must support what the physician did and for how long. Time is documented and calculated over the 7-day duration and must meet the CPT's time requirement. Obtain verbal consent at the start of the visit and ensure the consent is documented. Maintain a permanent record of the telehealth visit in the patient's medical record.

**Definition:**

A brief check in between a practitioner and a patient via telephone or other audiovisual device to decide whether an office visit or other service is needed. A remote evaluation is recorded video and/or images submitted by an established patient.

**CPT/HCPCS Codes:**

- **98016:** Brief communication technology-based service (eg, virtual check-in) by a physician or other qualified health care professional who can report evaluation and management services, provided to an established patient, not originating from a related evaluation and management service provided within the previous 7 days nor leading to an evaluation and management service or procedure within the next 24 hours or soonest available appointment, 5-10 minutes of medical discussion
- **G2010:** Remote evaluation of recorded video and/or images submitted by an established patient (e.g., store and forward), including interpretation with follow-up with the patient within 24 business hours, not originating from a related E/M service provided within the previous 7 days nor leading to an E/M service or procedure within the next 24 hours or soonest available appointment.
- **G2250:** Remote assessment of recorded video and/or images submitted by an established patient (e.g., store and forward), including interpretation with follow-up with the patient within 24 business hours, not originating from a related service provided within the previous 7 days nor leading to a service or procedure within the next 24 hours or soonest available appointment.
- **G2251:** Brief communication technology-based service, e.g. virtual check-in, by a qualified health care professional who cannot report evaluation and management services, provided to an established patient, not originating from a related service provided within the previous 7 days nor leading to a service or procedure within the next 24 hours or soonest available appointment; 5-10 minutes of clinical discussion.
- **G2252:** Brief communication technology-based service, e.g. virtual check-in, by a physician or other qualified health care professional who can report evaluation and management services, provided to an established patient, not originating from a related e/m service provided within the previous 7 days nor leading to an e/m service or procedure within the next 24 hours or soonest available appointment; 11-20 minutes of medical discussion
- **G0071:** Payment for communication technology-based services for 5 minutes or more of a virtual (non-face-to-face) communication between an rural health clinic (RHC) or federally qualified health center (FQHC) practitioner and RHC or FQHC patient, or 5 minutes or more of remote evaluation of recorded video and/or images by an RHC or FQHC practitioner, occurring in lieu of an office visit; RHC or FQHC only

**Reporting Criteria:**

- The patient must be established
- Communication must be a direct interaction between the patient and the practitioner. Not billable if performed by clinical staff.
- If the virtual check-in originates from a related E/M provided within the previous 7 days, then the service is considered bundled into that previous E/M and would not be separately billable.
- If the virtual check-in leads to an E/M within the next 24 hours or soonest available appointment, then the service is considered bundled into the pre-visit time of the associated E/M and would not be separately billable.

**Documentation Requirements:**

Documentation should include medical decisions made, names and roles of any persons participating in the evaluation, and the communication method (telephone, video/audio software, etc.). Obtain verbal consent at the start of the visit and ensure the consent is documented. Maintain a permanent record of the telehealth visit in the patient's medical record.

## Definition:

A telephone visit is an assessment and management service provided by a nonphysician qualified health care professional via audio telecommunication

## CPT/HCPCS Codes:

Reportable by Qualified Nonphysician Healthcare Professionals (Physical Therapists, Occupational Therapists, Speech Language Pathologists, Clinical Psychologists Registered Dietitian, etc.):

- **98966:** Telephone assessment and management service provided by a nonphysician qualified health care professional to an established patient, parent, or guardian not originating from a related assessment and management service provided with the previous 7 days nor leading to an assessment and management service or procedure within the next 24 hours or soonest available appointment; 5-10 minutes of medical discussion
- **98967:** Telephone assessment and management service provided by a nonphysician qualified health care professional to an established patient, parent, or guardian not originating from a related assessment and management service provided with the previous 7 days nor leading to an assessment and management service or procedure within the next 24 hours or soonest available appointment; 11-20 minutes of medical discussion
- **98969:** Telephone assessment and management service provided by a nonphysician qualified health care professional to an established patient, parent, or guardian not originating from a related assessment and management service provided with the previous 7 days nor leading to an assessment and management service or procedure within the next 24 hours or soonest available appointment; 21-30 minutes of medical discussion

## Reporting Criteria:

- Call must be initiated by the patient
- Communication must be a direct interaction between the patient and the healthcare professional
- If the call originates from a related E/M or assessment provided within the previous 7 days, then the service is considered bundled into that previous E/M or assessment and would not be separately billable
- If the call leads to an E/M or assessment within the next 24 hours or soonest available appointment, then the service is considered bundled into the pre-visit time of the associated E/M or assessment and would not be separately billable
- The patient must be established

## Documentation Requirements:

Documentation should include medical decisions made, the names and roles of any persons participating in the call, and the length of call. Obtain consent at the start of the visit and ensure the consent is documented. Maintain a permanent record of the telehealth visit in the patient's medical record.

**Payor Specific Key Points****E-Visits/Virtual Check Ins:****Allowable Codes:**

- **E-Visits:** Check Contracted Fee Schedule
- **Virtual Check-Ins:** Check Contracted Fee Schedule

**Remote Patient Monitoring:****Allowable Codes:**

- 98975, 98976, 98977, 98978, 98980, 98981, 99453, 99454, 99445, 99470, 99457, 99458

**Interprofessional Codes:****Allowable Codes:**

- 99446-99449, 99451, 99452, G9037, G0546-G0551

**Modifier:**

- No telehealth modifier required

**Telehealth:****Allowable Services:**

See table below for allowable code set

**Audio Only Services:**

Per MN Statue 62A.673: Until July 1, 2027, telehealth also includes audio-only communication between a health care provider and a patient if the communication is a scheduled appointment and the standard of care for that particular service can be met through the use of audio-only communication or if, for substance use disorder treatment services and mental health care services delivered through telehealth by means of audio-only communication, the communication was initiated by the enrollee while in an emergency or crisis situation and a scheduled appointment was not possible due to the need of an immediate response

**Modifiers/POS:**

- **POS** 02 or 10
- **Modifiers**
  - **Audio-Visual:** GT, 95, FR
  - **Audio-Only:** 93, FQ (only for codes that explicitly allow them)
  - **Asynchronous:** GQ
  - **Tele-Stroke:** G0

**Direct Patient Contact:**

Unless listed as a covered service, medical services that do not include direct in-person patient contact are not payable

**Reimbursement:**

Under Minn. Stat. § 62A.673, a health carrier must reimburse a health care provider for services delivered through telehealth on the same basis and at the same rate as if the services had been delivered through in-person contact. A health carrier may not deny or limit reimbursement solely because the service is delivered through telehealth or based solely on the technology used, provided the technology meets statutory requirements and is appropriate for the service.

**Not Reimbursable:**

- Care Plan Oversight (Except if authorized by Patient Management)
- Concierge Medicine (boutique medicine)
- Missed appointments

**Transmission & Originating Site Fees:**

T1014 and Q3014 are not eligible for payment, Aetna considers these services as incidental to the charges associated with the E/M.

## Payor Specific Key Points

### E-Visits/Telephone/Virtual Check Ins:

#### **Allowable Codes:**

- **E-Visits:** 98970-98972, 99421-99423
- **Telephone:** 98966-98968
- **Virtual Check-In:** 98016, G2010, G2250, S0320, G2251-G2252

### Remote Patient Monitoring:

#### **Allowable Codes:**

98875, 98976, 98977, 98978, 98978, 98980, 98981, 98984, 98985, 98986, 99445, 99453, 99454, 99457, 99458, 99470, S9110

#### **Restrictions:**

Remote Physiologic Monitoring (RPM) and Remote Therapeutic Monitoring (RTM) Services should not be reported, and will not be reimbursed, if monitoring is less than 16 days

The initial set-up and patient education on use of the equipment will be reimbursed only once per episode of care

### Telehealth:

#### **Allowable Services:**

Telehealth Policy Statement: Telehealth and virtual care services refers to the use of telecommunication technology to deliver health information and services remotely. Communication can include real-time two-way interactive audio-only or audio and video, telephone, online portal or store-and-forward technology.

See table below for allowable telehealth codes

#### **Audio Only Services:**

In alignment with state law, BCBS MN is waiving the policy requirement of a visual component associated with telehealth services for commercial members

#### **Modifiers/POS:**

- **POS** 02 or 10
- **Modifier**
  - **Audio-Visual:** GT, 95, FR
  - **Audio-Only:** 93, FQ
  - **Asynchronous:** GQ

#### **Provider Type:**

A health care professional licensed or registered by the state to perform health care services within the provider's scope of practice and in accordance with state law

#### **Reimbursement:**

Under Minn. Stat. § 62A.673, a health carrier must reimburse a health care provider for services delivered through telehealth on the same basis and at the same rate as if the services had been delivered through in-person contact. A health carrier may not deny or limit reimbursement solely because the service is delivered through telehealth or based solely on the technology used, provided the technology meets statutory requirements and is appropriate for the service.

#### **Transmission & Originating Site Fees:**

An originating site fee may be billed on either the professional (837P) or institutional (837I) claim format using HCPCS Q3014 without any modifier

- When using the institutional (837I) claim format, revenue code 078X should be used with bill types 12X, 13X, 22X, 23X, 71X, 72X, 73X, 76X, and 85X

Only the originating site provider will be reimbursed an originating site fee for hosting the patient. The distant site provider who is providing healthcare services to the patient via a telecommunications system (e.g., audio/video, telephone, online digital) cannot bill for the originating site fee because they aren't hosting the member. The submission of an originating site fee by the distant site provider will not be reimbursed separately.

## E-Visits/Virtual Check Ins:

### **Allowable Codes:**

- **E-Visits:** Not Allowable
- **Virtual Check-Ins:** 98016

## Interprofessional Consultations:

Cigna recognizes E-Consult codes, which occurs when a treating health provider seeks guidance from a specialist physician through electronic means (phone, internet, EHR consultation, etc.)

- **Allowable Codes:** 99446-99452
- **Non-Billable:**
  - If the consultation to a transfer of care or other face-to-face service (e.g., a surgery, a hospital visit, or a scheduled office evaluation of the patient) within the next 14 days or next available appointment date of the consultant, these codes should not be billed.
  - If the consultation lasted less than 5 minutes.
  - If the consultation was for the sole purpose to arrange transfer of care or a face-to-face visit.

## Remote Patient Monitoring:

Cigna recognizes remote patient monitoring, which is the use of digital technologies to monitor and capture medical data from patients and electronically transmit this information to healthcare providers for assessment:

- **Allowable codes:** 99091, 99453, 99454, 99457, 99458, G0322
- [Coverage Policy 0563- Remote Physiologic Monitoring \(RPM\) and Remote Therapeutic Monitoring \(RTM\)](#)

## Telehealth Medical:

### **Allowable Services:**

See below table for allowable medical telehealth codes

### **Audio Only:**

Per MN Statue 62A.673: Until July 1, 2027, telehealth also includes audio-only communication between a health care provider and a patient if the communication is a scheduled appointment and the standard of care for that particular service can be met through the use of audio-only communication or if, for substance use disorder treatment services and mental health care services delivered through telehealth by means of audio-only communication, the communication was initiated by the enrollee while in an emergency or crisis situation and a scheduled appointment was not possible due to the need of an immediate response

### **All of the following must also be met:**

- Services must be interactive and use both audio and video internet-based technologies, and would be reimbursed if the service was provided face-to-face
  - Exception for CPT 98008-98015
- The patient or involved caregiver must be present on the receiving end and the service must occur in real time
- All technology used must be secure and meet or exceed federal and state privacy requirements
- A permanent record of online communications relevant to the ongoing medical care and follow-up is maintained as part of the record as if the service were provided as an in-office visit
- The permanent record must include documentation which identifies the virtual service delivery method. i.e.: audio/video or telephone only
- All services provided are medically appropriate and necessary
- The evaluation and management services (E/M) provided virtually must meet E/M criteria
- The patient's clinical condition is of low to moderate complexity, and while it may be an urgent encounter, it should not be an emergent clinical condition

- Virtual care services must be provided by a health care professional who is licensed, registered, or otherwise acting within the scope of his/her licensure.

**Excluded Services:**

- The virtual care service occurs on the same day as a face to face visit, when performed by the same provider and for the same condition.
- Transmission of digitalized data is considered integral to the procedure performed and is not separately reimbursable.
- Virtual care services billed within the post-operative period of a previously surgical procedure will be considered part of the global payment for the procedure.
- Services were performed via asynchronous communications systems (e.g., fax).
- Store and forward telecommunication, whether an appropriate virtual care modifier is appended to the procedure code or not.
- Patient communications are incidental to E/M services, counseling, or medical services, including, but not limited to reporting of test results and provision of educational materials.
- Administrative matters, including but not limited to, scheduling, registration, updating billing information, reminders, requests for medication refills or referrals, ordering of diagnostic studies, and medical history intake completed by the patient.
- No reimbursement will be made for any equipment used for virtual care communications.

**Telehealth Behavioral Health:**

**Allowable Services:**

See below table for allowable medical telehealth codes.

**All of the following must also be met:**

- Services must be interactive and use audio and/or video internet-based technologies (synchronous communication), and would be reimbursed as if the service was provided face-to- face
- The patient and/or actively involved caregiver must be present on the receiving end
- All technology used must be secure and meet or exceed federal and state privacy requirements.
- A permanent record of online communications relevant to the ongoing care and follow- up is maintained as part of the medical record as if the service were provided as an in-office visit
- The permanent record must include documentation which identifies the virtual service delivery method. I.E.: audio/video or telephone only
- All services provided are medically appropriate and necessary
- The evaluation and management services (E/M) provided virtually must meet E/M criteria
- While some aspects of care in an acute setting may be rendered virtually, exclusively virtual services should be limited to situations when the clinical condition is low to moderate complexity and not the primary intervention for an emergent clinical condition.
- Virtual care services must be provided by a health care professional who is licensed, registered, or otherwise acting within the scope of his/her licensure.

**Excluded Services:**

- The virtual care service occurs on the same day as a face to face visit, when performed by the same provider and for the same condition.
- Transmission of digitalized data is considered integral to the procedure performed and is not separately reimbursable.
- Patient communications are incidental to E/M services, counseling, or medical services, including, but not limited to reporting of test results and provision of educational materials
- Administrative matters, including but not limited to, scheduling, registration, updating billing information, reminders, requests for medication refills or referrals, ordering of diagnostic studies, and medical history intake completed by the patient.
- No reimbursement will be made for the originating site of service fee or facility fee, unless otherwise mandated by state or federal law

- No reimbursement will be made for any equipment used for virtual care communications.

**Modifiers/POS:**

- **POS 02**
  - Do not bill POS 10 until further notice
- **Modifier**
  - **Audio-Visual:** GT, 95
  - **Audio-Only:** 93
  - **Asynchronous:** GQ

**Provider Type:**

Providers who are licensed, registered, or otherwise acting within the scope of their licensure may provide telehealth services.

**Reimbursement:**

Under Minn. Stat. § 62A.673, a health carrier must reimburse a health care provider for services delivered through telehealth on the same basis and at the same rate as if the services had been delivered through in-person contact. A health carrier may not deny or limit reimbursement solely because the service is delivered through telehealth or based solely on the technology used, provided the technology meets statutory requirements and is appropriate for the service.

**Transmission & Originating Site Fees:**

Cigna will not reimburse an originating site of service fee/facility fee for telehealth visits (HCPCS Q3014). Cigna will also not reimburse transmission fees; transmission of digitalized data is considered integral to the procedure performed and is not separately reimbursable.

**References:**

- [Reimbursement Policy- Virtual Care and Remote Patient Monitoring](#)
- [Minnesota Statute 62A.673](#)

## Payor Specific Key Points:

### E-Visits/Virtual Check Ins:

#### *Allowable Codes:*

- **E-Visits:** 99421-99423, 98970-98972, G2061-G2063
- **Virtual Check-In:** G2010, 98016

### Telehealth:

#### *Telehealth Allowable Codes:*

Interactive audio and video communications that permit real-time communication between the distant site physician or practitioner and the member. The services must be of sufficient audio and visual fidelity with clarity and function equivalent to a face-to-face encounter

See table below for specific codes.

- **Wellness Visits:** Medica will temporarily allow preventive care services, CPT 99381-99387 and 99391-99397, to be provided via telehealth services. Providers may perform all, or portions of, a preventive medicine visit that can be done so appropriately via telehealth services. Services that require face-to-face interaction may be provided later, however, providers may only bill one preventive medicine code to cover both the portion done via telehealth and any necessary face-to-face interaction associated with the preventive care service.
- **Behavioral Health:**
  - For more information regarding telemental health refer to the [Telemental Health Services - Commercial](#)

#### *Store and Forward Telehealth:*

Medica allows asynchronous (store and forward) telehealth. Utilize modifier GQ. Medical information may include without limitation: video clips, still images, X-rays, MRIs, EKGs, laboratory results, audio clips and text. The physician at the distant site reviews the case without the member being present. Store and Forward substitutes for an interactive encounter with the member present (i.e., the member is not present in real-time).

#### *Audio Only:*

Per MN Statue 62A.673: Until July 1, 2027, telehealth also includes audio-only communication between a health care provider and a patient if the communication is a scheduled appointment and the standard of care for that particular service can be met through the use of audio-only communication or if, for substance use disorder treatment services and mental health care services delivered through telehealth by means of audio-only communication, the communication was initiated by the enrollee while in an emergency or crisis situation and a scheduled appointment was not possible due to the need of an immediate response

#### *Modifiers/POS:*

- **POS** 02 or 10
- **Modifier**
  - **Audio-Visual:** GT, 95
  - **Audio-Only:** 93, FQ
  - **Asynchronous:** GQ
  - **Tele-Stroke:** G0

#### *Provider Type:*

Audiologist, Certified Genetic Counselor, Clinical Nurse Specialist, Clinical Psychologist, Clinical Social Worker, Licensed Professional Clinical Counselor, Licensed Marriage and Family Therapist, Licensed Drug & Alcohol Counselor, Dentist, Nurse Midwife, Nurse Practitioner, Occupational Therapist, Physical Therapist, Physician, Physician Assistant, podiatrist, Registered Dietitian or Nutrition Professional, and Speech Therapist.

**Reimbursement:**

Under Minn. Stat. § 62A.673, a health carrier must reimburse a health care provider for services delivered through telehealth on the same basis and at the same rate as if the services had been delivered through in-person contact. A health carrier may not deny or limit reimbursement solely because the service is delivered through telehealth or based solely on the technology used, provided the technology meets statutory requirements and is appropriate for the service.

**Originating Sites:**

The following are examples of originating sites: Community mental health center, Critical-access hospital (CAH), End stage renal disease (ESRD) facilities, Home, Hospital (inpatient or outpatient), Hospital or CAH-based renal dialysis center (including satellites), Office of physician or practitioner, Other eligible medical facilities, Other locations as required by applicable state law, Residential substance abuse treatment facility, Rural health clinic (RHC) and federally qualified health center (FQHC), Skilled nursing facility (SNF)

**Transmission & Originating Site Fees:**

Transmission fees (HCPCS T1014) are not eligible for payment, however Medica will allow an originating site fee (HCPCS Q3014) to be billed by an originating site facility.

**Coverage Limitations:**

Provider initiated e-mail, refilling or renewing existing prescriptions, scheduling a diagnostic test or appointment, clarification of simple instructions or issues from a previous visit, reporting test results, reminders of scheduled office visits, requests for a referral, non-clinical communication, educational materials, brief follow-up of a medical procedure without indication of complication or new condition including, but not limited to, routine global surgical follow-up, brief discussion to confirm stability of the patient's without change in current treatment, when information is exchanged and the patient is subsequently asked to come in for an office visit, a service that would similarly not be charged for in a regular office visit, consultative message exchanges with an individual who is seen in the provider's office immediately afterward, communication between two licensed health care providers that consists solely of a telephone conversation, email or facsimile, communications between a licensed health care provider and a patient that consists solely of an e-mail or facsimile

<b>Codes in blue may be performed via an audio-only connection</b>											

## Payor Specific Key Points:

### E-Visits/ Virtual Check Ins:

#### **Allowable Codes:**

- **E-Visits:** 99421-99423, G2061-G2063
- **Virtual Check-In:** G2010, 98016, G2250-G2252

**Modifiers:** None

### Telehealth:

#### **Consolidated Appropriations Act, 2026**

Extends certain telehealth flexibilities for Medicare patients through December 31<sup>st</sup>, 2027

- **Medicare Beneficiary Location:** Patients can receive Medicare telehealth services, regardless of patient location in the United States
- **Medicare Telehealth Practitioners Type:** An extended range of practitioners may bill for telehealth services, including physical therapists, occupational therapists, speech-language pathologists, and audiologists
- **Hospital-Based Outpatient Therapy, Diabetes Self-Management Training, and Medical Nutrition Therapy:** Hospitals may bill for certain outpatient therapy services, diabetes self-management training, and medical nutrition therapy services furnished remotely by hospital staff
- **In-Person Mental Health Visit Requirements:** Delayed in-person visit requirements for behavioral health services provided via telehealth
- **RHC & FQHC Distant Site:** RHCs and FQHCs may continue to bill for non-behavioral health services furnished through interactive telehealth

#### **Allowable Codes:**

See table below for codes allowable via telehealth

- Effective January 1<sup>st</sup>, 2026, CMS permanently removed the application of telehealth frequency limits on subsequent inpatient and nursing facility visits and critical care consultations

#### **Audio Only:**

Beneficiaries may continue to receive audio-only telehealth services in their homes through December 31, 2027

- Audio-only can be used for both new and established patients
- Utilized when the patient is not capable of or does not consent to using audio-video communication technology
- Provider must be technically capable of using audio-video communication technology
- Beneficiaries who are receiving remote mental health services, as defined in the CY 2023 and 2024 OPSS Final Rules, furnished by hospital-employed staff in their homes may also receive these services via audio-only communication technology
- Starting January 1, 2028, providers may only use audio-only communication technology for behavioral health services furnished to a patient in their home

#### **Consent:**

Providers may get patient consent at the same time they initially provide the services. Direct supervision isn't required to get consent. In general, auxiliary personnel under general supervision of the billing practitioner can get patient consent for these services.

#### **Hospital Based Providers:**

Hospitals and other providers of PT, OT, SLP, diabetes self-management training (DSMT) and medical nutrition therapy (MNT) services can continue to bill for telehealth services through December 31<sup>st</sup>, 2027

- For outpatient hospitals, patients' homes no longer need to be registered as provider-based entities to allow for hospitals to bill for these services

- The 95 modifier is required on claims from all providers, except for Critical Access Hospitals (CAHs) electing Method II (which utilize a GT modifier)

### **Medicare Shared Savings Program Accountable Care Organizations (ACOs)**

- The Bipartisan Budget Act of 2018 allows clinicians participating in certain Medicare Shared Savings Program (MSSP) ACOs to provide and receive payment for covered telehealth services without geographic restrictions, including services furnished in the beneficiary's home
  - These flexibilities apply only to applicable ACOs with prospective beneficiary assignment in the ENHANCED track or BASIC track Levels C–E, and services must be billed under the ACO participant's TIN for assigned beneficiaries
  - ACOs using retrospective assignment and non-risk ACOs do not qualify and must follow standard Medicare fee-for-service telehealth rules

### **Modifiers/POS:**

- **POS:**
  - 02 or 10
- **Modifier:**
  - Modifier 95
    - Required when the clinician is in the hospital, and the patient is in the home, as well as for outpatient therapy services provided via telehealth by qualified PTs, OTs, or SLPs through December 31<sup>st</sup>, 2027
  - Modifier GT for CAH Method II (UB) Claims

### **Patient Location:**

Through December 31<sup>st</sup>, 2027, there is no originating site or geographic restriction

### **Mental Health Place of Service:**

CMS permanently added a patient's home as an originating site for patients receiving mental health services via telehealth. "Home" includes temporary lodging. Must meet the following requirements:

- The provider (or another provider in the same practice and subspecialty) has conducted an in-person (non-telehealth) visit within 6 months
- After the initial tele-mental health visit, the provider must conduct an in-person visit at least once every 12 months
  - However, this visit is not required if the patient and provider consider the risks of an in-person visit and agree that the risks outweigh the benefits
  - Provider should document the decision in the patient's medical record
- Through December 31<sup>st</sup>, 2027, the initial 6 month visit requirement and the in person visit every 12 month requirement, is waived

### **Provider Type:**

Allowable telehealth providers are physicians, nurse practitioners, physician assistants, nurse midwives, certified nurse anesthetists, clinical psychologists, clinical social workers, registered dietitians, marriage and family therapists, mental health counselors, and nutrition professionals

- Through December 31<sup>st</sup>, 2027, physical therapists, occupational therapists, speech-language pathologists, and audiologists to provide Medicare telehealth services

**Provider Location:**

Practitioners who furnish telehealth services from their homes but have a physical practice location are not required to report their home address on their Medicare enrollment application. Practitioners can enroll and bill from their physical practice location as if they furnished the telehealth service in person. Virtual-only telehealth practitioners whose only physical practice location is their home address will need to enroll their home address as a practice location.

**Reimbursement:**

When telehealth services are provided to people in their homes (POS 10), the service will be reimbursed at the non-facility rate. If the telehealth service is provided when the patient is not in their home, and POS 02 is utilized, then the service will be reimbursed at the facility rate.

**Rural Health Clinics & Federally Qualified Health Centers:**

See the RHC and FQHC section for specific billing regulations

**Supervision:**

Effective January 1, 2026, the presence of the physician (or other practitioner) required for direct supervision may include virtual presence through audio/video real-time communications technology (excluding audio-only) for services without a 010 or 090 global surgery indicator

- Applies to services where direct supervision is required which do not have a 010 or 090 global surgery indicator
  - Includes most incident-to services under § 410.26, many diagnostic tests under § 410.32, pulmonary rehabilitation services under § 410.47, cardiac rehabilitation and intensive cardiac rehabilitation services under § 410.49, and certain hospital outpatient services as provided under § 410.27(a)(1)(iv)

**Teaching Physicians:**

CMS will allow teaching physicians to have a virtual presence in all teaching settings, only in clinical instances when the service was furnished virtually, on a permanent basis

**Transmission/ Originating Site Fees:**

Medicare will reimburse an originating site fee (HCPCS Q3014) if the patient is present at a healthcare facility. Medicare does not reimburse for transmission fees.

- Modifier 95 not required when billing Q3014

**Payor Specific Key Points****E-Visits/Telephone/Virtual Check Ins:*****Allowable Codes:***

- **E-Visits:** Not Allowable
- **Virtual Check-In:** G2010, 98016, G2250-G2252

**Telehealth:*****Allowable Services:***

MHCP will cover telehealth services in the same manner as any other services covered through the programs. Coverage will not be limited based on geography or location. Out-of-state coverage policy applies to services provided via telehealth.

Examples of covered telehealth services include, but are not limited to, the following:

- Consultations
- Telehealth consults: emergency department or initial inpatient care
- Subsequent hospital care services
- Subsequent nursing facility care services
- End-stage renal disease services
- Individual and group medical nutrition therapy
- Individual and group diabetes self-management training with a minimum of one hour of in-person instruction to be furnished in the initial year training period to ensure effective injection training
- Smoking cessation
- Alcohol and substance abuse (other than tobacco) structured assessment and intervention service

Telehealth includes:

- Secure video conferencing
- Store-and-forward technology
- Audio-only communication between the health care provider and the patient (until July 1, 2027)

***Allowable ED Telehealth Services:***

Two-way interactive video consultation may be billed when no physician is in the ED and the nursing staff is caring for the patient at the originating site. The ED physician at the distant site bills the ED CPT codes with place of service 02. Nursing services at the originating site would be included in the ED facility code. If the ED physician requests the opinion or advice of a specialty physician at a "hub" site, the ED physician bills the ED CPT codes and the consulting physician bills the consultation E/M code with place of service 02

***Audio Only Communication:***

Audio-only communication will be covered **through July 1<sup>st</sup>, 2027** if:

- There is a scheduled appointment and the standard of care for that service can be met using audio-only communication.
- Substance use disorder (SUD) treatment services and mental health services delivered without a scheduled appointment when initiated by the member while in an emergency or crisis and a scheduled appointment was not possible due to the need of an immediate response.

***Documentation***

Health care service records for services delivered through telehealth must meet the requirements set forth in [Minnesota Rules, 9505.2175](#), subparts 1 and 2, and must document:

- The type of service provided
- The time the service began and the time the service ended, including an a.m. and p.m. designation

- A description of the provider's basis for determining that telehealth is an appropriate and effective means for delivering service to the recipient
- The mode of transmission of the telemedicine service
- The location of the originating and distant site
- If the claim is based on a physician's consultation with another physician through telehealth, the written opinion from the consulting physician providing the telehealth consultation
- Compliance with the criteria attested to by the health care provider

***Non-Covered Telehealth Services:***

Communication between health care provider and a patient that consists solely of an e-mail or facsimile; Electronic connections that are not conducted over a secure encrypted website as specified by HIPAA; Prescription renewals; Scheduling a test or appointment; Clarification of issues from a previous visit; Reporting test results; Non-clinical communication

***Modifiers/POS:***

- **POS 02 or 10**
- **Audio Only Claims:** Modifier 93
- **Outpatient Facilities (Ambulatory Payment Classifications or Ambulatory Surgical Center claims):** Applicable Telehealth Modifiers

***Provider Type:***

Providers must self-attest that they meet all of the conditions of the Minnesota Health Care Programs (MHCP) telehealth policy by completing and submitting a [Telehealth Provider Assurance Statement \(DHS-6806\) \(PDF\)](#) to be eligible for reimbursement.

MHCP covers medically necessary services and consultations delivered by a health care provider through telehealth. A health care provider means a health care professional who is licensed or registered by the state to perform health care services within the provider's scope of practice according to state law.

***Reimbursement:***

Reimbursement will be at the same rate as in-person face-to-face visits, refer to the MN Medicaid fee schedule for allowable rates

***Transmission & Originating Site Fees:***

MHCP will not reimburse for originating site facility fees (HCPCS Q3014) and does not specify whether transmission fees will be reimbursed

***Telemedicine Assurance Statement:***

Providers must self-attest that they meet all of the conditions of the Minnesota Health Care Programs (MHCP) telehealth policy by completing and submitting a Telehealth Provider Assurance Statement (DHS-6806) (PDF) to be eligible for reimbursement

## Payor Specific Key Points

### E-Visits/Telephone/Virtual Check Ins:

#### *Allowable Codes*

- **E-Visits:** Check Contracted Fee Schedule
- **Virtual Check-In:** Check Contracted Fee Schedule

### Telemonitoring:

Telemonitoring is covered for patients who have a history of cardiac conditions including heart failure (HF) and hypertension, COPD, uncontrolled diabetes, and mental health and/or substance use disorders (MH/SUD):

- Recent hospitalized or hospitalization(s) with a primary diagnosis of HF/COPD/CV conditions/Diabetes/MH/SUD
- A history of failing to adhere to their treatment plan and are at risk for an acute episode
- ED visits in the recent past for treatment of cardiac conditions including heart failure and hypertension, COPD, uncontrolled diabetes, mental health and/or substance use disorders
- The above conditions along with renal failure as defined as GFR<30, hepatic failure or coronary disease that puts the patient at risk for myocardial function compromise
- Major system co-morbid conditions that complicate their chronic disease status (i.e. heart failure, renal failure, diabetes and respiratory illness)

### Telehealth:

#### *Allowable Services:*

Telehealth E/M services provided over an audio/visual connection are covered when all the following are met:

- Services are medically appropriate and necessary
- Patient is present at time of consultation
- The consultation takes place via interactive audio and/or video
- Permanent record of the telemedicine communications relevant to the ongoing medical care of the patient is maintained as part of the medical record
- Services delivered through a telemedicine modality shall be provided by a health care professional who is licensed, registered, or otherwise authorized to engage in his or her health care profession in the state where the patient is located
- Appropriate informed consent is obtained

Controlled substances may be prescribed through a telehealth encounter but are subject to certain limitations:

- The medical examination of the patient must be under the control of the consulting provider
- A permanent record of online communications relevant to the ongoing medical care of the patient should be maintained as part of the patient medical record

**Examples of Telehealth Services:** Office or outpatient visits, consultations (office, Internet-based, outpatient, emergency room), follow-up inpatient consultations, subsequent hospital care services, subsequent nursing facility services, pharmacologic management, treatment services for mental health and/or substance use disorders, neurobehavioral status exam, end stage renal disease (ESRD) related services, individual and group medical nutrition therapy, individual and group health and behavior assessment and intervention, individual and group kidney disease education (KDE) services, individual and group diabetes self-management training, smoking cessation services, high-intensity behavioral counseling to prevent sexually transmitted infections, annual face-to-face intensive behavioral therapy for cardiovascular disease or face-to-face behavioral counseling for obesity

#### *Audio Only Services:*

Per MN Statue 62A.673: Until July 1, 2027, telehealth also includes audio-only communication between a health care provider and a patient if the communication is a scheduled appointment and the standard of care for that particular service can be met through the use of audio-only communication or if, for substance use disorder treatment services and mental health care services delivered through telehealth by means of audio-only communication, the communication was initiated

by the enrollee while in an emergency or crisis situation and a scheduled appointment was not possible due to the need of an immediate response

#### **Modifiers/POS:**

- **POS 02 or 10**
- **Modifier**
  - **Audio-Visual:** 95, GT, FR
  - **Audio Only:** 93
  - **Asynchronous:** GQ

#### **Non-Covered**

Services for excluded benefits or diagnoses excluded from policy, services not medically necessary, services that cannot be performed adequately via telehealth for the medical condition, telecommunication devices or systems (including installation or maintenance), provider-initiated e-mail, appointment scheduling, a service that would similarly not be charged for in a regular office visit, reminders for scheduled office visits, referral requests, consultative message exchanges with an individual seen in the provider's office on the same day as a telehealth visit for the same condition, clarification of simple instructions, naturopaths/homeopaths, services furnished using audio-only communication technology, dental care, acupuncture, chiropractic care, telephone, remote in-home visits, transmission fees, supplies.

#### **Provider-Patient Relationship**

As a prerequisite to providing telehealth services to a patient, a provider-patient relationship must be established. A provider-patient relationship encompasses several parameters:

- Verify and authenticate the location and identity of the patient
- Disclosing and validating provider's identity and applicable credentials
- Obtaining consent for treatment
- Establishing a diagnosis through review of patient history, mental status, and appropriate diagnostic/laboratory testing
- Discussing the diagnosis and its evidentiary basis to the patient, including the risks and benefits of different treatment options
- Ensure appropriate follow-up care for the patient
- Providing a visit summary to the patient

However, a provider-patient relationship need not be established when the patient is seeking urgent or emergent care, care is given through cross-coverage, or when the patient's primary care physician agrees to monitor the patient's care and emergency treatment

**Originating Site:** The office of a physician or practitioner, hospitals (inpatient or outpatient), critical access hospitals (CAHs), rural health clinics (RHCs), federally qualified health centers (FQHCs), hospital- or CAH-based renal dialysis centers (including satellites), skilled nursing facilities (SNFs), ambulatory surgical centers (ASCs), laboratories, and community mental health centers (CMHCs). Additionally, Sanford Health Plan allows Video Visits via internet initiated by patient or group homes

- Sanford Health defines a "Video Visit" as: video interactions between a patient and provider, where the patient is at home or work on a web camera speaking with a provider. Access points may include mobile smart phones, tablets, or computers.
- The originating site of the patient is determinative of whether the provider may continue care. If the originating site is a state where the provider is licensed, the call may continue. However, should it become known that the originating site is somewhere other than where the provider is licensed, the telehealth/telemedicine call must be terminated.

#### **Reimbursement**

Per MN Statue 62A.673, a health carrier must reimburse the health care provider for services delivered through telehealth on the same basis and at the same rate as the health carrier would apply to those services if the services had been delivered by the health care provider through in-person contact.

- A health carrier must not deny or limit reimbursement based solely on a health care provider delivering the service or consultation through telehealth instead of through in-person contact

- A health carrier must not deny or limit reimbursement based solely on the technology and equipment used by the health care provider to deliver the health care service or consultation through telehealth, provided the technology and equipment used by the provider meets the requirements of this section and is appropriate for the particular service

***Transmission & Originating Site Fees:***

An originating site fee is eligible for reimbursement if allowable originating healthcare site. Transmission fees are not allowable

**Note: Sanford's telehealth policy is not publicly available. Therefore, the information provided above reflects applicable Minnesota laws and prior policy information referenced in 2024. For the most current policy details, including billing requirements and reimbursement guidance, please refer to the Sanford Telehealth Policy available through the Sanford provider portal.**

## Payor Specific Key Points:

### E-Visits/Virtual Check Ins:

#### **Allowable Codes:**

- **E-Visits:** 98970-98972, 99421-99423
- **Virtual Check-In:** 98016, G2010, G2250-G2252

#### **POS/Modifier:**

POS utilized if visit would have in person and no modifier

### Remote Patient Monitoring Codes:

#### **Allowable Codes:**

- 98975-98978, 98980-98981, 99091, 99457, 99458, 99473-99474

#### **POS/Modifier:**

POS utilized if visit would have in person and no modifier

### Interprofessional Assessment Codes:

#### **Allowable Codes:**

- 99446-99449, 99451-99454, G0546-G0551

#### **POS/Modifier:**

POS utilized if visit would have in person and no modifier

### Telehealth:

#### **Allowable Codes:**

UHC will allow any services on the below lists:

- Services recognized by the Centers for Medicare and Medicaid Services (CMS)
- Services recognized by the American Medical Association (AMA) included in Appendix P of the CPT code set
- Additional services identified by UnitedHealthcare that can be effectively performed via Telehealth
  - See Telehealth Allowable Codes table below for UHC specified codes
- Consistent with CMS, UHC will not recognize CPT 98000-98015, as they are assigned to status code "I" on the NPFs Relative Value File, indicating another code (replacement code) is used to report the procedure or service and that replacement code has an assigned RVU

### **Physical Health, Occupational, and Speech Therapy:**

UHC will reimburse certain physical, occupational, and speech therapy (PT/OT/ST) Telehealth services provided by QHPs rendered via interactive audio and video technology.

Services submitted on a CMS 1500 form should include:

- Code(s) from the list of specific physical, occupational and speech therapy Telehealth services (see the PT/OT/ST Telehealth Eligible Services Code List in the Attachments section)
- The appropriate place of service code 02 or 10 in Box 24B

All PT/OT/ST Telehealth visits must be performed using live, interactive video conferencing that involves the presence of both parties at the same time and a communication link between them that allows a real-time audio and visual interaction to take place. E-mailing "stored" exercise videos and discussing or reviewing by phone is not reimbursable.

**Audio Only Component:**

Per MN Statue 62A.673: Until July 1, 2027, telehealth also includes audio-only communication between a health care provider and a patient if the communication is a scheduled appointment and the standard of care for that particular service can be met through the use of audio-only communication or if, for substance use disorder treatment services and mental health care services delivered through telehealth by means of audio-only communication, the communication was initiated by the enrollee while in an emergency or crisis situation and a scheduled appointment was not possible due to the need of an immediate response

**Modifiers/POS:**

- **POS** 02 or 10
- **Modifiers**
  - **Audio Visual:** 95, GT, GQ, and G0 are not required to identify telehealth services but are accepted as informational if reported on claims
  - **Audio-Only:** 93

**Provider Type:**

Physician, nurse practitioner, physician assistant, nurse-midwife, clinical nurse specialist, registered dietitian or nutrition professional, clinical psychologist, clinical social worker, certified registered nurse anesthetists, physical therapists, occupational therapists, and speech therapists.

**Patient Location:**

UHC will recognize CMS designated originating sites considered eligible for furnishing telehealth services to a patient located in an originating site.

- Examples of CMS originating sites with a telepresenter: the office of a physician or practitioner, hospital, critical access hospital (CAH), rural health clinic (RHC), federally qualified health center (FQHC), hospital based renal dialysis center, skilled nursing facility (SNF), community mental health center (CMHC), mobile stroke unit, patient home-for monthly end stage renal, ESRD-related clinical assessments, for purposes of treatment of a substance use disorder or a co-occurring mental health disorder.
- UHC will also recognize home as an originating site for telehealth services (no telepresenter present)

**Reimbursement:**

Under Minn. Stat. § 62A.673, a health carrier must reimburse a health care provider for services delivered through telehealth on the same basis and at the same rate as if the services had been delivered through in-person contact. A health carrier may not deny or limit reimbursement solely because the service is delivered through telehealth or based solely on the technology used, provided the technology meets statutory requirements and is appropriate for the service.

**Transmission & Originating Site Fees:**

Claims for Originating Site services may be reported using HCPCS code Q3014 (Telehealth Originating Site facility fee) on either a professional (CMS-1500) or a facility (UB-04) claim when a Telepresenter is present at an Originating Site location other than the patient’s home. Q3014 is not reimbursable when the Distant Site claim is reported with a POS 10 indicating the patient is located at home and not receiving any Originating Site services from a Telepresenter. T1014 is not eligible for payment, UHC considers these services as incidental to the charges associated with the E/M.

- [Minnesota Statute 62A.673](#)

### Payor Specific Key Points:

#### Virtual Communication Services:

Effective Jan 1, 2026, RHCs are required to report the individual remote evaluation service codes previously billed under G0071 (G0071 is no longer reportable)

#### *Allowable Codes:*

**Virtual Check-In:** G2010, 98016, G2250

#### Care Coordination Services

Starting Jan 1, 2025, CMS required RHCs & FQHCs to report the individual CPT/HCPCS care coordination codes instead of G0511; CMS allowed billing G0511 during a transition period, but G0511 was no longer billable after Sept 30, 2025

#### Telehealth:

#### *RHC/FQHC Distant Site Provider Extension:*

RHCs and FQHCs may continue to bill for non-behavioral health services furnished through interactive telehealth through December 31<sup>st</sup>, 2027, utilizing G2025

#### *Allowable Codes:*

RHCs and FQHCs may furnish allowable RHC/FQHC services via telehealth utilizing G2025 for medical telehealth claims and the appropriate behavioral health CPT/HCPCS for behavioral health claims.

#### *Audio Only:*

Beneficiaries may continue to receive audio-only telehealth services in their homes through December 31, 2027

- Audio-only can be used for both new and established patients
- Utilized when the patient is not capable of or does not consent to using audio-video communication technology
- Provider must be technically capable of using audio-video communication technology
- Beneficiaries who are receiving remote mental health services, as defined in the CY 2023 and 2024 OPPS Final Rules, furnished by hospital-employed staff in their homes may also receive these services via audio-only communication technology
- Starting January 1, 2028, providers may only use audio-only communication technology for behavioral health services furnished to a patient in their home

#### *Billing:*

- **Medical Claims**
  - **HCPCS:** G2025
  - **UB:** 52X revenue code
  - **Modifier:**
    - **Audio/Video:** None Required
    - **Audio Only:** FQ
- **Mental Health Claims:**
  - **CPT/HCPCS:** Appropriate Behavioral Health CPT/HCPCS
  - **UB:** 900 revenue code
  - **Modifier:**
    - **Audio/Video:** CG & 95
    - **Audio Only:** FQ

### ***Mental Health Services:***

- CMS will permanently allow mental health telehealth services performed by an RHC/FQHC
- The service must be either audio visual OR
- Audio-only if the following are present:
  - The patient is incapable of, or fails to consent to, the use of video technology for the service
  - The provider has conducted an in-person visit within the last 6 months of the initial tele-mental service
  - The services are medically necessary
  - After the initial telehealth visit, the provider conducts an in-person visit at least once every 12 months of each tele-mental visit.
    - However, if the patient and provider consider the risks of an in person service and agree that these risks outweigh the benefits, then the annual visit may be skipped.
    - Providers must document the decision
  - Until December 31<sup>st</sup>, 2027, the initial 6 month visit and the in person visit every 12 month requirement is waived

### ***Provider Type:***

Physicians, Nurse practitioners (NPs), Physician assistants (PAs), Certified nurse-midwives (CNMs), Clinical psychologists (CPs), Clinical social workers (CSWs), Marriage and family therapists (MFTs), Mental health counselors (MHCs)

### ***Reimbursement:***

#### **Medical:**

- The RHC/FQHC telehealth payment rate is the average amount for all PFS telehealth services on the telehealth list, weighted by volume for those services reported under the PFS. For 2026 the rate is \$97.53

#### **Mental Health:**

- RHC AIR rate or FQHC PPS rate

### ***Supervision:***

CMS permanently adopted a definition of direct supervision, for RHC and FQHC services, that allows the physician or supervising practitioner to provide such supervision through real-time audio and visual interactive telecommunications (excluding audio-only)

### ***Transmission/ Originating Site Fees:***

Medicare will reimburse an originating site fee (HCPCS Q3014) if the patient is present at a healthcare facility. Medicare does not reimburse for transmission fees.

**Payor Specific Key Points****E-Visits/Telephone/Virtual Check Ins:*****Allowable Codes:***

- **E-Visits:** Not Allowable
- **Virtual Check-In:** G2010, 98016, G2250-G2252

**Telehealth:*****Allowable Services:***

MHCP will cover telehealth services in the same manner as any other services covered through the programs. Coverage will not be limited based on geography or location. Out-of-state coverage policy applies to services provided via telehealth.

Examples of covered telehealth services include, but are not limited to, the following:

- Consultations
- Telehealth consults: emergency department or initial inpatient care
- Subsequent hospital care services
- Subsequent nursing facility care services
- End-stage renal disease services
- Individual and group medical nutrition therapy
- Individual and group diabetes self-management training with a minimum of one hour of in-person instruction to be furnished in the initial year training period to ensure effective injection training
- Smoking cessation
- Alcohol and substance abuse (other than tobacco) structured assessment and intervention service

Telehealth includes:

- Secure video conferencing
- Store-and-forward technology
- Audio-only communication between the health care provider and the patient (until July 1, 2027)

***Allowable ED Telehealth Services:***

Two-way interactive video consultation may be billed when no physician is in the ED and the nursing staff is caring for the patient at the originating site. The ED physician at the distant site bills the ED CPT codes with place of service 02. Nursing services at the originating site would be included in the ED facility code. If the ED physician requests the opinion or advice of a specialty physician at a "hub" site, the ED physician bills the ED CPT codes and the consulting physician bills the consultation E/M code with place of service 02

***Audio Only Communication:***

Audio-only communication will be covered **through July 1<sup>st</sup>, 2027** if:

- There is a scheduled appointment and the standard of care for that service can be met using audio-only communication.
- Substance use disorder (SUD) treatment services and mental health services delivered without a scheduled appointment when initiated by the member while in an emergency or crisis and a scheduled appointment was not possible due to the need of an immediate response.

***Documentation***

Health care service records for services delivered through telehealth must meet the requirements set forth in [Minnesota Rules, 9505.2175](#), subparts 1 and 2, and must document:

- The type of service provided
- The time the service began and the time the service ended, including an a.m. and p.m. designation
- A description of the provider's basis for determining that telehealth is an appropriate and effective means for delivering service to the recipient

- The mode of transmission of the telemedicine service
- The location of the originating and distant site
- If the claim is based on a physician's consultation with another physician through telehealth, the written opinion from the consulting physician providing the telehealth consultation
- Compliance with the criteria attested to by the health care provider

***Non-Covered Telehealth Services:***

Communication between health care provider and a patient that consists solely of an e-mail or facsimile; Electronic connections that are not conducted over a secure encrypted website as specified by HIPAA; Prescription renewals; Scheduling a test or appointment; Clarification of issues from a previous visit; Reporting test results; Non-clinical communication

***Modifiers/POS:***

- **POS 02 or 10**
- **Audio Only Claims:** Modifier 93
- **Outpatient Facilities (Ambulatory Payment Classifications or Ambulatory Surgical Center claims):**  
Applicable Telehealth Modifiers

***Provider Type:***

Providers must self-attest that they meet all of the conditions of the Minnesota Health Care Programs (MHCP) telehealth policy by completing and submitting a [Telehealth Provider Assurance Statement \(DHS-6806\) \(PDF\)](#) to be eligible for reimbursement.

MHCP covers medically necessary services and consultations delivered by a health care provider through telehealth. A health care provider means a health care professional who is licensed or registered by the state to perform health care services within the provider's scope of practice according to state law.

***Reimbursement:***

Only a face-to-face or video call with audio is allowed to receive the encounter rate under the State Plan Amendment. Telehealth via audio-only will not receive the encounter rate.

***Transmission & Originating Site Fees:***

MHCP will not reimburse for originating site facility fees (HCPCS Q3014) and does not specify whether transmission fees will be reimbursed

***Telemedicine Assurance Statement:***

Providers must self-attest that they meet all of the conditions of the Minnesota Health Care Programs (MHCP) telehealth policy by completing and submitting a Telehealth Provider Assurance Statement (DHS-6806) (PDF) to be eligible for reimbursement
